Public Relations

Cette semaine, nous sommes ravis de célébrer le troisième anniversaire d'Espace Canada !

Nous remercions chaleureusement notre incroyable communauté d'avoir fait partie intégrante de ce voyage. Votre soutien a été essentiel pour faire progresser et célébrer l'innovation spatiale canadienne.

Restez à l'écoute pendant que nous réfléchissons à ces trois années inspirantes - et à d'autres années à venir !

Stakeholder Engagement

Over the past year, Space Canada strengthened collaboration across the ecosystem by convening members, partners, and stakeholders through specialized committees, targeted working groups, and strategic engagements. These initiatives fostered meaningful information-sharing, accelerated alignment on sector priorities, and built consensus around critical policy and operational challenges facing Canada's space ecosystem.

Government Relations

In the past year, Space Canada advanced member interests through a robust government relations program that enabled structured, high-impact engagement with federal decision-makers and public institutions. Our strategic approach ensured member voices shaped critical policy decisions affecting Canada's space sector.

Space Day on the Hill & Parliamentary Reception

High-profile events connecting members directly with parliamentarians and senior officials

Executive Briefings

Strategic meetings with Ministers, Members of Parliament, Senators, and deputy-level leaders

Specialized Roundtables

Focused discussions on defence, regulatory frameworks, and procurement modernization

Government Engagement

Direct collaboration with CSA, ISED, DND, Transport Canada, Global Affairs and more

Policy Development

Submission of policy briefs, position papers, and consultation responses informing federal decision-making

Member Coordination

Facilitation of member participation in government consultations and advisory processes
